

**2004 GT3**

**\$71,900**

Atlas Grey and black interior in beautiful condition. The 2004/2005 generation GT3 (Mk II) has been described as the best GT3 ever thanks to its pure nature without PSM, electronic driver aids, or a sunroof. Simply put, there is no other modern Porsche that drives and feels like a Mk II GT3. This one in particular is even more fun with its Fabspeed exhaust and RS clutch and flywheel. The sound of this car at 6000 RPM is indescribable. And with a 8200 RPM redline there is still more to come! Introduced for the 2004 model year, the Atlas Grey color is one of the nicest offered with an appearance somewhere between blue and dark grey. Very sharp.

Please note that this vehicle is being sold privately by Phil Cracco, co-owner of Weissach Autohaus. This vehicle will not carry a Weissach warranty but is under Porsche warranty through 9/2008.
