

1983 911SC Cabriolet

\$21,900

Triple black in very nice condition. The car runs great, the paint looks good, the top is in excellent condition and the interior is solid with just the right amount of patina for a car this age. What more could you ask of a classic 911? This SC has had the essential work completed- new head studs, Carrera type chain tensioner and the pop release valve installed. In other words, ready to go outside and play. And while many people prefer the G50 transmission of the late 80s Carrera, real men (and women) prefer the 'ol 915'er !!! If you are looking for a cab in this era this could very well be the right one. Come on down! This vehicle is **Weissach Certified** for quality having successfully completed the **WEISSACH 96 Point Inspection** as performed by Porsche trained technicians at Daniel Jacobs LLC. **Weissach Certified** assures the buyer of vehicle quality and reliability and is backed the **Weissach Warranty**. And keep in mind that your **WEISSACH WARRANTY** is valid anywhere in North America, not just in Oxford, CT. *Trade-ins of all kinds are always welcomed at Weissach Autohaus.*
