

2003 911 C2 Cabriolet

\$36,900

Triple Black cab in truly outstanding condition inside and out. While Weissach has historically been fairly 6 speed centric I have now seen the light concerning the Tiptronic. Getting stuck for 7 hours in Holiday traffic with a 6 speed helped with my vision. To be clear, driving a Tip in Auto mode is convenient but it's not exactly exciting. But, put it into manual mode and it's actually a hoot!. Super fast shifts really allow you to sense the true power and performance of this great sports car. If you fear causing damage to clutch and manual transmission like I do there is no way to really get through the gears as quickly as the Tiptronic transmission can do it. And the inherent nature of an automatic means you are not harming the power train while getting some serious thrills. It all makes sense to me now! This beautiful and low mileage car is optioned with Xenon headlights and washers, supple leather heated/power seats, Bose sound system and PSM stability management. A killer aftermarket receiver and navigation system make this the perfect sport touring car. If you don't believe me, try it! This Porsche is fully prepared and serviced with fresh fluids and filters. As always, no one provides your Porsche with *Pre-owned Peace of Mind* like Weissach Autohaus! Just ask our customers (see our Testimonials). Includes our 6 month/6000 mile Weissach Warranty. This vehicle is Weissach Certified for quality having successfully completed the Weissach 96 Point Inspection as performed by Daniel Jacobs LLC, renowned Independent Porsche Specialist. Weissach Certified assures the buyer of vehicle quality and reliability and is backed the Weissach Warranty, valid anywhere in North America, and not just in Oxford, CT. *And keep in mind that Trade-ins of all kinds are always welcomed at Weissach Autohaus.*
